

**REMARKS**

The Office Action dated February 14, 2008, has been received and carefully noted. A full and complete response was filed on May 7, 2008. The enclosed RCE, and the following remarks are submitted as a supplemental response thereto.

The Advisory Action indicated that the application is not in condition for allowance because Rosen discloses “including floor status information of a data communication media in relation to a part of a communication session in a message carrying communication media information for the communication session, and sending the message from a communication system to a user equipment.” However, the Advisory Action did not respond to the previously submitted arguments, but the Advisory Action merely presented the same reasons presented in the previous Office Action. Applicants respectfully submit that Rosen fails to disclose or suggest the above-identified limitation. Thus, it is respectfully requested that the rejection to claims 1, 15, 20, 24, and 26-28 be withdrawn. The arguments submitted in May 7, 2008, are incorporated herein.

The Advisory Action maintained the rejection under 112, first paragraph, with respect to claim 14. Specifically, the specification does not explicitly discuss a computer readable medium. The present invention is directed to activation of services in a communication system. A person of ordinary skill in the art would be able to appreciate the specification and understand that the specification inherently discusses the computer readable medium. MPEP does not require that the claimed features should be described

verbatim in the specification. Therefore, the rejection to claim 14 is rendered moot. It is respectfully requested that the rejection to claim 14 be withdrawn.

For the reasons explained above and the Response filed in May 7, 2008, it is respectfully submitted that each of claims 1-5 and 7-28 recites subject matter that is neither disclosed nor suggested in the cited art. It is, therefore, respectfully requested that all of claims 1-5 and 7-28 be allowed, and this application be passed to issue.

If for any reason the Examiner determines that the application is not now in condition for allowance, it is respectfully requested that the Examiner contact, by telephone, the applicants' undersigned agent at the indicated telephone number to arrange for an interview to expedite the disposition of this application.

In the event this paper is not being timely filed, the applicants respectfully petition for an appropriate extension of time. Any fees for such an extension together with any additional fees may be charged to Counsel's Deposit Account 50-2222.

Respectfully submitted,

---
